*Leave the ordinary behind*

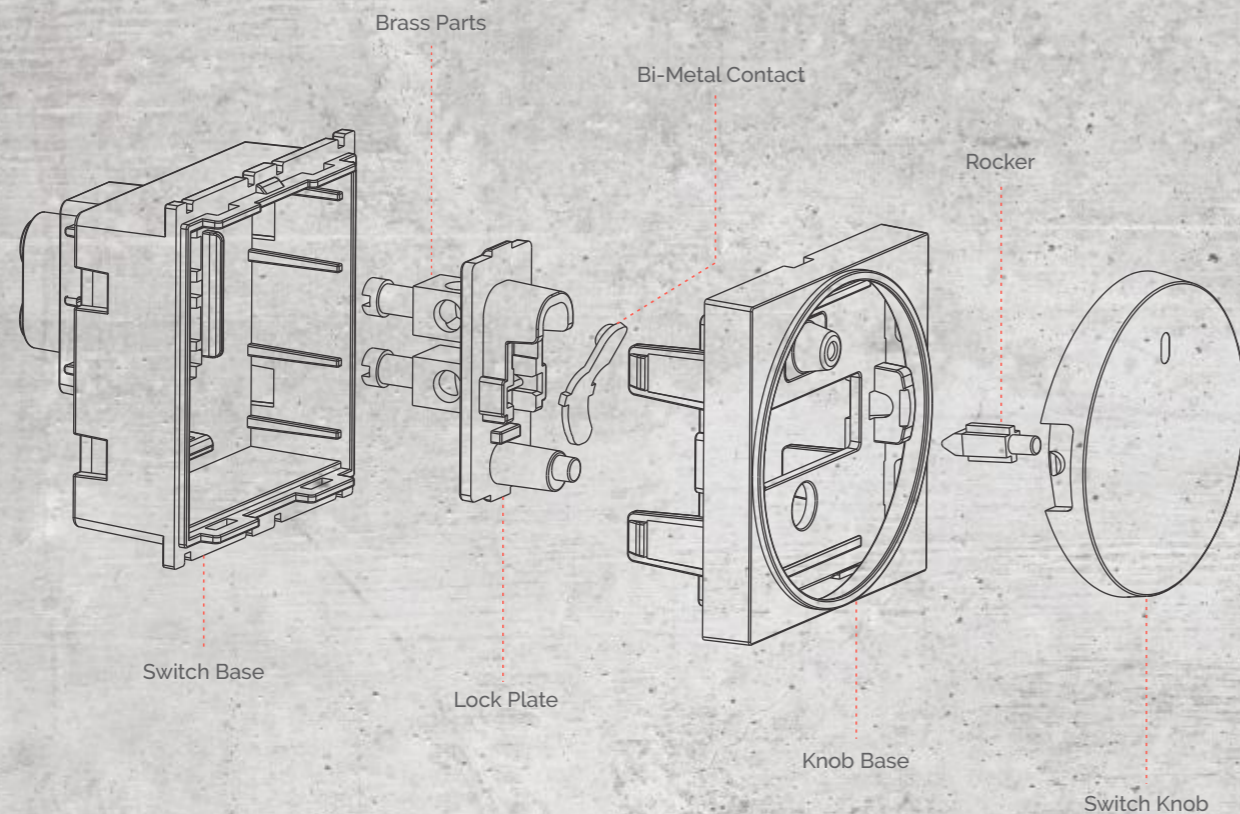

Why choose the ordinary when you are worth so much more? Leave ordinary switches behind and switch to Goldmedal. We offer a vast range of innovative switches that add more elegance to your space and more meaning to your life. With cutting-edge features and sharp stylish looks, you will agree that every Goldmedal switch is far from ordinary.

## Never ending innovation

At Goldmedal, the cycle of innovation never stops. We are always at the forefront of innovation, constantly identifying new ways of making products that are more efficient, more inspiring, more amazing. By creating products that are extraordinary in every way, we hope to make your life simpler, easier, and better. The new range of Artio and Arcos switches in the AIR modular range is another successful example of our endeavour.

Like the AIR modular range, the Artio and Arcos switches are delightfully simple and minimalistic in appearance. Embodying reductionism and refinement, which are the hallmarks of a sleek, modern, and urbane lifestyle, these switches make contemporary statements in every sense. An ingenious design, both the Artio and Arcos consists of either completely circular or a combination of semi-circular and straight modular switches embedded within a square frame.

Once installed, either individually or as a combination, the switches appear as perfectly symmetrical circles. The elegance, harmony, and unity of the Artio and Arcos switches give them a truly timeless appeal. These new switch ranges follow Goldmedal's impeccable record of crafting products that delight users with their thoughtful functionality and breathtaking aesthetics. With their refreshingly elegant designs, the Artio and Arcos are sure to set the benchmark for standard switches.

**ARTIO**  
Flat. Sleek. Elegant.

Smart living made  
*smarter.*

Presenting the next step in smart living. The i-Touch WiFi panels are the latest devices in Goldmedal's family of automation switches. Sleek and stylish in appearance, these backlit LED WiFi panels have a host of functions including switches, fan regulators, dimmers, USB sockets, and international sockets. Apart from manual operations, you can also control these panels using the RF Remote control and voice commands. You can even operate these panels from anywhere in the world using the i-World mobile app. There's no gateway required - the technology is built into the device. A complete system by itself, the module can be installed directly into a regular junction without the need for any new wiring.

Wega Titanium Grey Plate  
with Digital Silver Wi-Fi Router+Extender

Working from home calls for a reliable Wi-Fi network. Goldmedal's Wi-Fi Router + Extender is a smart solution for dead zone problems that many face. This unique device not only ensures uninterrupted and consistent Wi-Fi connectivity but can also extend the network signal to the remotest corners of your home. The device also has an inbuilt USB port for charging devices and Ethernet port for Internet connectivity. On the subject of charging, you should also consider the USB Charger & International Socket for getting your smart devices and electrical appliances charged. Along with charging your mobile devices, it also accepts different types of international plugs.

<b>STEP MARKER</b>				
102505	Step Marker ( 2M ) with High Efficiency 2x0.5W LED	586.00	645.00	5/120
103506	Step Marker with Step Dimming Function ( 3M ) with High Efficiency 3x0.5W LED	1078.00	1186.00	5/100
102507	Step Marker with Smart Dimming Function ( 2M ) with High Efficiency 2x0.5W LED	815.00	895.00	5/100
103508	Step Marker with Trio LED & Step Dimming Function ( 3M ) with High Efficiency 3x0.5W LED Supply voltage 240V~ 50-60Hz,	1078.00	1186.00	5/100
<b>LIGHTING FITTING WITH EMERGENCY FUNCTION</b>				
102510	Lighting Fitting with Emergency Function ( 2M ) with High Efficiency 2x0.5W LED	872.00	941.00	5/100
103511	Lighting Fitting with Emergency Function ( 3M ) with High Efficiency 3x0.5W LED Supply voltage 160-240V~ 50Hz Dimmable function (3 Level) The device will function as an emergency light if battery is inserted - Battery supplied separately (101123 for 3M / 101124 for 2M)	1375.00	1515.00	5/100
<b>ELECTRO MECHANICAL BUZZER / ELECTRONIC BUZZER 240V ~</b>				
101530	Electro Mechanical Buzzer ( 1M ) 240V-50-60Hz	176.00	193.00	20/600
102539	Electronic Bell ( 2M ) 240V-50-60Hz	399.00	438.00	10/300
<b>ELECTRONIC DOOR BELLS ( 4 Module )</b>				
104541	Electronic Multi Tune Bell with 4 selectable melodies Supply voltage 240V~ 50-60Hz,	1034.00	1150.00	5/150
<b>i-TOUCH RF SWITCHES / UNIVERSAL SWITCH ( 2 Module )</b>				
102544	i-Touch 2 Switch Supply voltage 160-240V~, 6A relay output Operating load (CFL & LED): 100W Max (per switch) Radio Frequency : 433.92 Mhz Can also be operated by RF Remote control-103268 or web/mobile application via Gateway-101646	3500.00	3900.00	5/100
102545	i-Touch Universal Switch Supply voltage 240V~, - Can be paired wirelessly with any Goldmedal RF switch, fan regulator, dimmer etc. (Touch, i-Touch and i-Feel) as a two way switch - Can be configured as a switch for any particular scene or All ON or All OFF command	3900.00	4300.00	5/100
<b>i-TOUCH BELL PUSH / RF 20A SWITCH ( 2 Module )</b>				
102548	i-Touch Bell Push Switch Supply voltage 160-240V~ 2A relay output	2300.00	2500.00	5/100
102550	i-Touch 20A Switch Supply voltage 160-240V~, 20A relay output Operating load (CFL & LED): 200W Max Air conditioner: 2 ton Radio Frequency : 433.92 Mhz Can also be operated by RF Remote control-103268 or web/mobile application via Gateway-101646	3600.00	4000.00	5/100

Code	Item	MRP ₹		Pkg.
		Absolute White	Digital Silver Titanium Grey	
<b>i-TOUCH RF DIMMER/FAN REGULATOR/DRAPE CONTROLLER ( 2M )</b>				
102553	i-Touch Light Dimmer Supply voltage 160-240V~, Triac Technology with soft end & soft start function Operating load (LED) : 80W (Max) Incandescent Light: 40-450W <b>Not suitable for Fan</b>	3500.00	3800.00	5/100
102554	i-Touch Fan Regulator Supply voltage 160-240V~ Variable Capacitance based 4 step regulator Operating load (Fan) : 100W	3500.00	3800.00	5/100
102556	i-Touch Drape Controller Supply voltage 160-240V~ 2.5A relay output Electronic RF Drape Controller suitable for AC Motor  Radio Frequency : 433.92 Mhz Can also be operated by RF Remote control-103268 or web/mobile application via Gateway-101646	3800.00	4200.00	5/100

<b>i-TOUCH DO NOT DISTURB/MAKE MY ROOM ( 2 Module )</b>				
102560	i-Touch DND / Make My Room / Please Wait (Inside Room)	2100.00	2500.00	5/100
102561	i-Touch DND / Make My Room / Please Wait with Bell Push Switch (Outside Room)  Supply voltage 160-240V~ (Inside & outside unit are connected to each other)	2300.00	2700.00	5/100

<b>32A MAIN SWITCH ( 3 Module )</b>				
103562	32A DP Operated by Key Tag 240V~, LED Supplied with Key Tag  For key tag please refer Curve product 102164	571.00	627.00	5/150

<b>32A MAIN SWITCH ( 2 Module )</b>				
102563	32A DP Operated by Key Tag 240V~, LED Supplied with Key Tag	624.00	686.00	10/300
102564	Only Key Tag with Name Plate	115.00	126.00	N.A.

<b>25A ELECTRONIC BADGE SWITCH ( 3 Module )</b>				
103565	Electronic Switch with Smart Card 25A, 160-240V~ 50-60Hz with indicator (LED) & Integral relay having exit delay.  For smart card please refer Curve product 103166	1654.00	1816.00	5/100

<b>BELL INDICATOR ( 6 Module ) 240~</b>				
106567	Bell Indicator with 6 Display Units with buzzer, reset switches & name plate	1699.00	1899.00	5/100

Code	Item	MRP ₹		Pkg.
		Absolute White	Digital Silver Titanium Grey	
<b>DND/MAKE MY ROOM 240~ ( 2 Module )</b>				
102568	Do Not Disturb/Make My Room 240V~ 50-60Hz - Inside Room	475.00	518.00	10/300
102569	Do Not Disturb/Make My Room 240V~ 50-60Hz - Outside Room	508.00	550.00	10/300
<b>USB CHARGER / INTERNATIONAL SOCKET</b>				
101571	USB Fast Charger - Single Port ( 1M ) Supply voltage 160-240V~ 50-60Hz Output - 5V = 1.50A / 9V = 1.45A (Max 14W) <b>NEW</b>	950.00	1045.00	10/300
101572	USB Charger - ( 1M ) Supply voltage 160-240V~ 50-60Hz	865.00	952.00	10/300
102573	USB Charger - Double Port ( 2M ) Supply voltage 160-240V~ 50-60Hz Output - 5V DC, 2A (Total)	920.00	1012.00	5/100
103574	USB Charger & 10A Int. Socket ( 3M ) Supply voltage 160-240V~ 50-60Hz Output - 5V DC, 2A (Total)	1248.00	1370.00	5/100

<b>AUDIO - VIDEO SOCKET ( 1 Module )</b>				
101577	HDMI Socket	1000.00	1102.00	5/150
101579	Triple RCA Socket (Audio & Video)	660.00	720.00	5/150

<b>ROUTER + EXTENDER ( 3 Module )</b>				
103580	Wi-Fi Router + Extender 300 MBPS wi-fi wireless router with Ethernet port, In-built USB port for internet connectivity and charging devices. Also support 4G dongle.	4500.00	5000.00	5/100

<b>CAMERA / IP CAMERA</b>				
102598*	Camera ( 2M ) Automatic day/night switching, Camera can be manually swivelled 20° horizontally & vertically Automatic background lighting compensation. Automatic gain control (AGC) Protection type IP 44	-	8999.00	5/100
103599*	IP Camera ( 3M ) Automatic day/night switching, Camera can be manually swivelled 20° horizontally & vertically Automatic background lighting compensation. Automatic gain control (AGC) Supply voltage 160-240V~	-	14400.00	5/100

<b>i-SENSE SENSO SWITCH ( 2 Module )</b>				
102601	i-Sense Senso Switch Supply voltage 160-240V~ 6A relay output Allows to control lights by simply passing the hand in front of it (Max distance 50mm). 2 units can be combined to control the same light (2 way function).	2999.00	3300.00	5/100

\* introducing shortly

Code	Item	MRP ₹		Pkg.
		Absolute White	Digital Silver Titanium Grey	
<b>i-SENSE FM RADIO / BLUETOOTH PLAYER</b>				
102603*	i-Sense FM Radio ( 2M ) Feather touch FM radio with digital display 87-50 MHZ, 30 Station Memory with scanner	-	6100.00	5/100
103604	i-Sense FM Radio / Bluetooth ( 3M ) FM & Bluetooth player Mode selection : FM & Bluetooth. Audio output - Stereo Line out - Can be connected to any music system, home audio system, speakers i.e ceiling or inwall through amplifier via Line out, Supply voltage 240V~ - Amplifier supplied separately - 101320	2500.00	-	5/100
<b>i-FEEL RF SWITCHES / BELL PUSH SWITCH ( 2 Module )</b>				
102626	i-Feel 2 Switch Supply voltage 160-240V~, 6A relay output Operating load (CFL & LED): 100W Max (per switch) Radio Frequency : 433.92 Mhz - Can also be operated by RF Remote control-103268 or web/mobile application via Gateway-101646	3500.00	3850.00	5/100
102630	i-Feel Bell Push Switch Supply voltage 160-240V~ 2A relay output	2000.00	2200.00	5/100
<b>i-FEEL RF 20A SWITCH ( 2 Module )</b>				
102632	i-Feel 20A Switch Supply voltage 160-240V~, 20A relay output Operating load (CFL & LED): 200W Max Air Conditioner: 2 ton Radio Frequency : 433.92 Mhz  Can also be operated by RF Remote control-103268 or web/mobile application via Gateway-101646	3700.00	4070.00	5/100
<b>i-FEEL RF DIMMER / FAN REGULATOR ( 2 Module )</b>				
102634*	i-Feel Light Dimmer Supply voltage 160-240V~, Triac Technology with soft end & soft start function Operating load LED: 80W Incandescent Light: 40-450W <b>Not suitable for Fan</b>	3500.00	3850.00	5/100
102636	i-Feel Fan Regulator Supply voltage 160-240V~ Variable Capacitance based 4 step regulator Operating load (Fan) : 100W Radio Frequency: 433.92 Mhz  Can also be operated by RF Remote control-103268 or web/mobile application via Gateway-101646	3500.00	3850.00	5/100
<b>i-FEEL RF DRAPE CONTROLLER ( 2 Module )</b>				
102638	i-Feel Drape Controller Supply voltage 160-240V~ 2.5A relay output Electronic RF Drape Controller suitable for AC Motor Radio Frequency : 433.92 Mhz  Can also be operated by RF Remote control-103268 or web/mobile application via Gateway-101646	3600.00	3960.00	5/100
<b>i-REMOTE CONTROL</b>				
101926	i-Remote with Micro USB Cable Wifi-IR Remote Control Universal Infrared Remote Control Can operate TV, Set Top Box, AC and other IR Remotes Works with WiFi through iWorld App or Voice Command (Google Home / Amazon Alexa)	-	2999.00	1/1

INTELLIGENT GATEWAY

YOUR WORLD.  
YOUR WAY.

WELCOME TO YOUR NEW, INTELLIGENT HOME!

RF Touch Products

i-Touch Products

i-Feel Products

You have installed the latest Touch technology switches from Goldmedal in your home. Now, take it to the next level with the i-Home Gateway! From lights to fans to drapes and other functions, you can control individual devices, set scenes or even schedule the operations of scenes and devices using your smartphone, tablet, desktop or any smart mobile device ... from anywhere in the world.

**i-HOME GATEWAY**

The i-Home Gateway Router connects to your network in a few simple steps. Once connected, it captures commands from your Smartphone, tablet, laptop or PC from anywhere in the world. The commands are then relayed to the relevant RF devices in the premises.

**SMARTPHONE**

Access the i-Home Gateway Application on the move on your Smartphone, Tablet or PC. The intuitive interface enables you to set scenes, create timers and schedule devices as per your need!

**Goldmedal i-Home**

Download the Goldmedal i-Home App on your smart device to control your RF Switches from anywhere in the world. Download now!

Scan with your smartphone to download the user manual

Bella White Jazz Plate with Curve White Jazz Switches

## bella

You are mesmerized by the smile of a newborn; you wonder at the precision of a perfectly drawn line. Part dreamer, part realist, you synchronize your lifestyle with the demands of your heart and mind. You'll find an expression of this rare combination in the bella range of cover panels. Choose from the natural opulence of Bellewood panels, the elegant simplicity of White Jazz, the passion and energy of Metalik, the exuberance of Antik, or the soft-to-touch feel of Bellesoft. The options on offer are simply a myriad.

Cristallo Valentine Wine Plate with Curve Voltage Grey Emergency Light

## Cristallo

With Curve Cristallo, you can create style statements that echo your true self. Choose the clear, transparent Memorio panels to showcase your memories from the past. Select the specially crafted Twixos panels with two-tone colours to lend a distinct verve to your interiors. Or opt for the Illumino panels that emit a soft, gentle glow that inspires as well as guides you in total darkness.... Whichever your choice, the Cristallo range doesn't just allow you to express yourself more clearly, it sets trends for the rest to follow.

Grazia Basic Moughal Teak Plate with Nixon Digital Silver Switches

## grazia

Grazia, the thinnest, most stylish cover frames you can imagine, are available in Basic and Premium options. Both Basic and Premium cover frames accentuate the style quotient of your rooms with their distinctively slender appearance. The Grazia Premium has an additional chrome side casing which highlights the delightful slimness of these cover frames. Choose from either of these options to make a style statement that will always be in.

Classio Black Glossy Plate with Digital Silver I-touch Bellpush

**GLASSIO**

The Glassio is without doubt a classical beauty – exhibiting a smooth, glossy frontage, with soft, rounded edges and a demeanour that's sophisticated yet warm and welcoming. The elegantly flared corners reflect and absorb light in a manner that adds depth and character to the cover plate. This interplay of light and shadow also creates a sinuous effect that makes Glassio the definitive artefact on your wall.

Wega Junglee Wenge Plate with Titanium Grey G-dip Switches

# WEGA

Unconventional yet perfectly symmetrical, bold yet elegant - the Wega cover plates are stunning in every way. An example of imagination and engineering precision of the highest order, the Wega, with its distinctive appearance stands out from the clutter with ease. Its undulating shape creates a magical interplay of light that adds to its visual appeal. The colours appear dazzling, mesmerizing and even playful, depending on the prevailing light conditions.

## Flat. Flawless. Flamboyant.

### Aero

Completely flat -  
at OFF position

The Aero redefines flat switches. Styled to remain absolutely flush with the cover plate, the Aero emphasizes the minimalistic design of the Air range. Manufactured using the very best in raw materials and processes, the Aero is both functionally and aesthetically a class apart!

### Arcos

Add a new dimension to your  
interiors

The Arcos switch is the perfect blend of sophistication and minimalism. The subtly contoured body and the arched edges of the Arcos is what sets it apart from its contemporaries. It makes a distinctive style statement while adhering to Goldmedal's vision of crafting extraordinary, timeless, and truly amazing switches.

### Artio

Simple, minimalistic and  
completely flat -  
at OFF position

Inspired by the immaculate perfection of a circle, the new Artio range of switches are beautiful yet minimalistic in appearance. The Artio switch range consists of either completely circular or a combination of straight and semi-circular switches embedded within a square frame. Once installed, these switches form perfectly flat, flawless, circles.

### Aura

Perfect crisp lines that define  
the Air range

The Aura has a forceful presence that commands attention. With its perfect, crisp lines and distinct shape, the Aura highlights the precision and style that defines the Air range. The Aura is the perfect choice for interiors that are practical yet modern.

### Arc

Add a new dimension to your  
interiors

The Arc switches by Air symbolizes minimalistic elegance. Easy on the eye as well as a pleasure to use, the Arc can be the perfect accessory in stylish homes with graceful settings. Crafted to perfection using the very best in technology and materials, the Arc adds a new dimension to your interiors.

# Distinctly flat, slim and minimal

The AIR range of modular switches and systems breaks the mold with its classy, minimalistic, uniquely flat, and slim appearance. An example of meticulous craftsmanship, careful detailing, and unmatched excellence, the AIR range makes other ordinary switch ranges appear unwieldy and extravagant. Absolutely light and modern, the AIR range marks a new beginning in the world of standard fittings. Slim, stylish, minimal – the AIR devices shout quality, elegance, and finesse through every inch of their presence.

Air A7 Absolute White Plate with Titanium Grey Artio Switches

# ARTIO

The Artio is a delightfully simple and minimalistic expression of the Air range. Embodying reductionism and refinement, which are hallmarks of a sleek, modern, and urbane lifestyle, the Artio makes a contemporary statement in every sense. Embedded within a square frame, the Artio switches can be installed as a single switch or as a combination of multiple switches to form a complete circle. The elegance, harmony and compositional unity that Artio represents gives it a truly timeless appeal.

Air A5 Absolute White Plate with Titanium Grey Arcos Switches

# ARCOS

The Arcos switch is the perfect blend of sophistication and minimalism, thus encapsulating the signature design of the Air modular range. Like its contemporary Artio, the Arcos too fits seamlessly within the slot of the Air cover plates. The subtly contoured body and the arched edges of the Arcos separates it from the more austere shape of the Artio. Perfectly proportioned, the Arcos makes a distinctive style statement while adhering to Goldmedal's vision of crafting extraordinary, timeless, and truly amazing switches.

Air A5 White Jazz Plate With Aero Titanium Grey Switches

# A5

The new A5 cover plate is a mix of playful elegance and contemporary styling. Gently curved with rounded corners and a sleek chrome border around the inner frame, the A5 is a refreshingly clean and modern design with a dash of added fun. Like other AIR cover plates, the A5 is restrained in a quiet, refined manner without being dull and boring. Introduce A5 to your interiors to exhibit that rare combination of elegance and charming playfulness!

Air A7 Absolute White Plate with Titanium Grey Wi-Fi Switch, Regulator

# A7

The AIR A7 cover plate is a wonderful combination of contemporary minimalistic design and stylish elegance. This is an ultra-flat plate with softly rounded corners and sleek chrome border around the inner frame. Characterised by AIR's familiar austere yet charming looks, the A7 offers a quiet and reserved presence without appearing mundane or boring. A quintessential modern-day switch plate, the A7 adds a touch of luxury with convincing functionality to every setting.

## G-STYLE

GIFA F9 Absolute White Plate  
With G-Style Switches  
In Titanium Grey

The G-Style switch lives up to its name with a design that is breathtakingly modern and stylish. An angular switch with defined body lines, delicately curved edges, and a metallic glaze finish, the G-Style has a striking presence in any setting. The F9, with its crisp finish and clear straight lines complements the G-Style to create a modern and sophisticated combination that will match the aesthetics of every modern home.

GIFA F9 Absolute White Plate with G-Style Switches in  
Titanium Grey

Bold. Contemporary.  
Truly modern.

## G-Slide

It's the most commonly used electrical device. But with G-Slide, the humble switch is where the magic happens. With its smooth, flowing lines, the G-Slide adds silken elegance and an almost ethereal beauty to an otherwise utilitarian device. The end result is a switch that is as delightful as it is practical.

G-Slide  
Add a new dimension to your interiors

## G-Style

The G-style switch lives up to its name with its breathtakingly modern and stylish appearance. An angular switch with defined body lines, delicately curved edges, and a metallic glaze finish, the G-Style has a striking presence in any setting. With its effortless symphony of form and function, the G-Style easily complements the aesthetics of every modern home.

G-Style  
Ideal for modern interiors

## G-Line

It doesn't get more minimalistic than this! The straight, clean lines of the G-Line, with its barest-minimum-possible protrusion over the cover plate surface, conveys the futuristic, minimalistic look that defines GIFA. Classically perfect, yet contemporary in styling, the G-Line is a pleasure to use at home and at work.

G-Line  
Perfect crisp lines that define the Air range

# Ultimate sophistication.

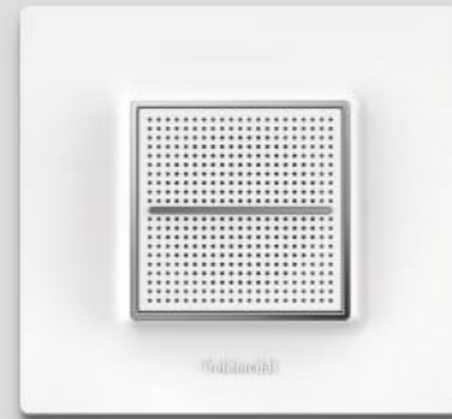

The GIFA range of modular inserts is minimalistic not just for aesthetic purposes but as a design philosophy. Represented by clear straight lines, crisp finishes, and minimum flourishes, these inserts are perfectly streamlined for optimum functionality. Deep thought has been given into the configuration and purpose of each product. The end result is an effortless symphony of form with function and class with comfort that will surprise and delight you on an everyday basis.

USB Charger

# Sound never looked better!

GIFA presents the Smart Dock that can be a smart companion to your smartphone! At rest, the Smart Dock remains flush with the cover plate. Apply gentle pressure on the unit and it springs out into position. Simply place your phone on the console to get it charging. Along with listening to FM, you can also listen to the music on your phone, plus make, receive, reject and end calls, as well as control the volume of the phone and change music tracks. And you can do all of these with the help of buttons, voice control, and some even through hand gestures!

Gifa Ag Mountain Dew Plate with Titanium Grey G-Line Switch, Regulator

# F9

The F9 range of modular plates are distinctly contemporary in styling. Represented by clear straight lines, crisp finish and imaginative use of colours, these cover plates showcase the very essential components of style. With a minimum of flourishes and embellishments, the F9 communicates the concept of a contemporary cover plate with remarkable clarity and power. Simple and elegant at first look, the F9 will steal your heart over a period of time.

Gifa Ag Mountain Dew Plate with Titanium Grey G-Line Switch, Regulator

# A9

The colours of the Ag cover plates are modern yet delicate and almost ethereal in many ways. The tone is muted, relaxed and calm to ensure that these cover plates create a warm, welcoming environment around them. The choice of colours and texture allows the Ag cover plates to coexist peacefully with almost any type of ambience. Complement it with light interiors to create an air of purity and elegance or contrast it with dark interiors to create a rich, plush setting!

Gifa X9 Absolute White Plate with Titanium Grey G-Slide Switch, Regulator

# X9

It's the cover plate with the X-factor. Shaped like an eye-catching curved TV, the X9 cover plate exhibits the aesthetics of an artistic centerpiece. Mount it on the wall and its curved shape lends this cover plate a floating look that appears ultra premium in any setting. Another unique feature is the raised chrome frame at the centre which elevates the design to a whole new level. Available in a variety of finishes, the X9 is a cover plate that's distinctly a cut above the rest.

The power to create a safer world!

Infrared Thermo Scan  
Infrared Technology

G - Scan  
Touch-free sanitization.

Magic Mist  
Fight off the germs with ease!

Add a bit of the natural world to your interiors with these cover plates in wood accents. Whether it's light or dark wood, adding a bit of this wondrous material makes any interior feel warmer and inviting. The African Wenge wood cover plate has a majestic, luxurious appeal to it while the Fumed Oak and Rose Wood cover plates are modern and cheerful in their appearances. Combine them with the inserts of your choice to create that distinctive look for your interiors.

**BREAK**  
AWAY  
FROM THE  
PAST.  
SWITCH  
TO THE  
FUTURE!

There comes a time when the tide changes. When the old makes for the new. Gzifa marks the beginning of this transition in the world of mini modular switches and accessories.

With its radical new styling and a host of exciting features, Gzifa promises to be the new benchmark in mini modular products.

Gzifa. It's a sign of the changing times.

## More choices for elegant homes.

Essenza presents economy polycarbonate switches and accessories in three pleasing options: Vanilla, iCube and Valley. Designed without compromise in a rich, off-white shade, these options can be the ideal choice for elegant homes. The Vanilla switches with their distinct rounded shape presents a gentle profile while iCube and Valley, with their angular shapes, make a classical yet stylish statement.

With GOLDMEDAL,  
you are in safe hands!

Safeguards human life  
and property against  
the hazards of electrical  
mishaps.

Managing power was never so simple!

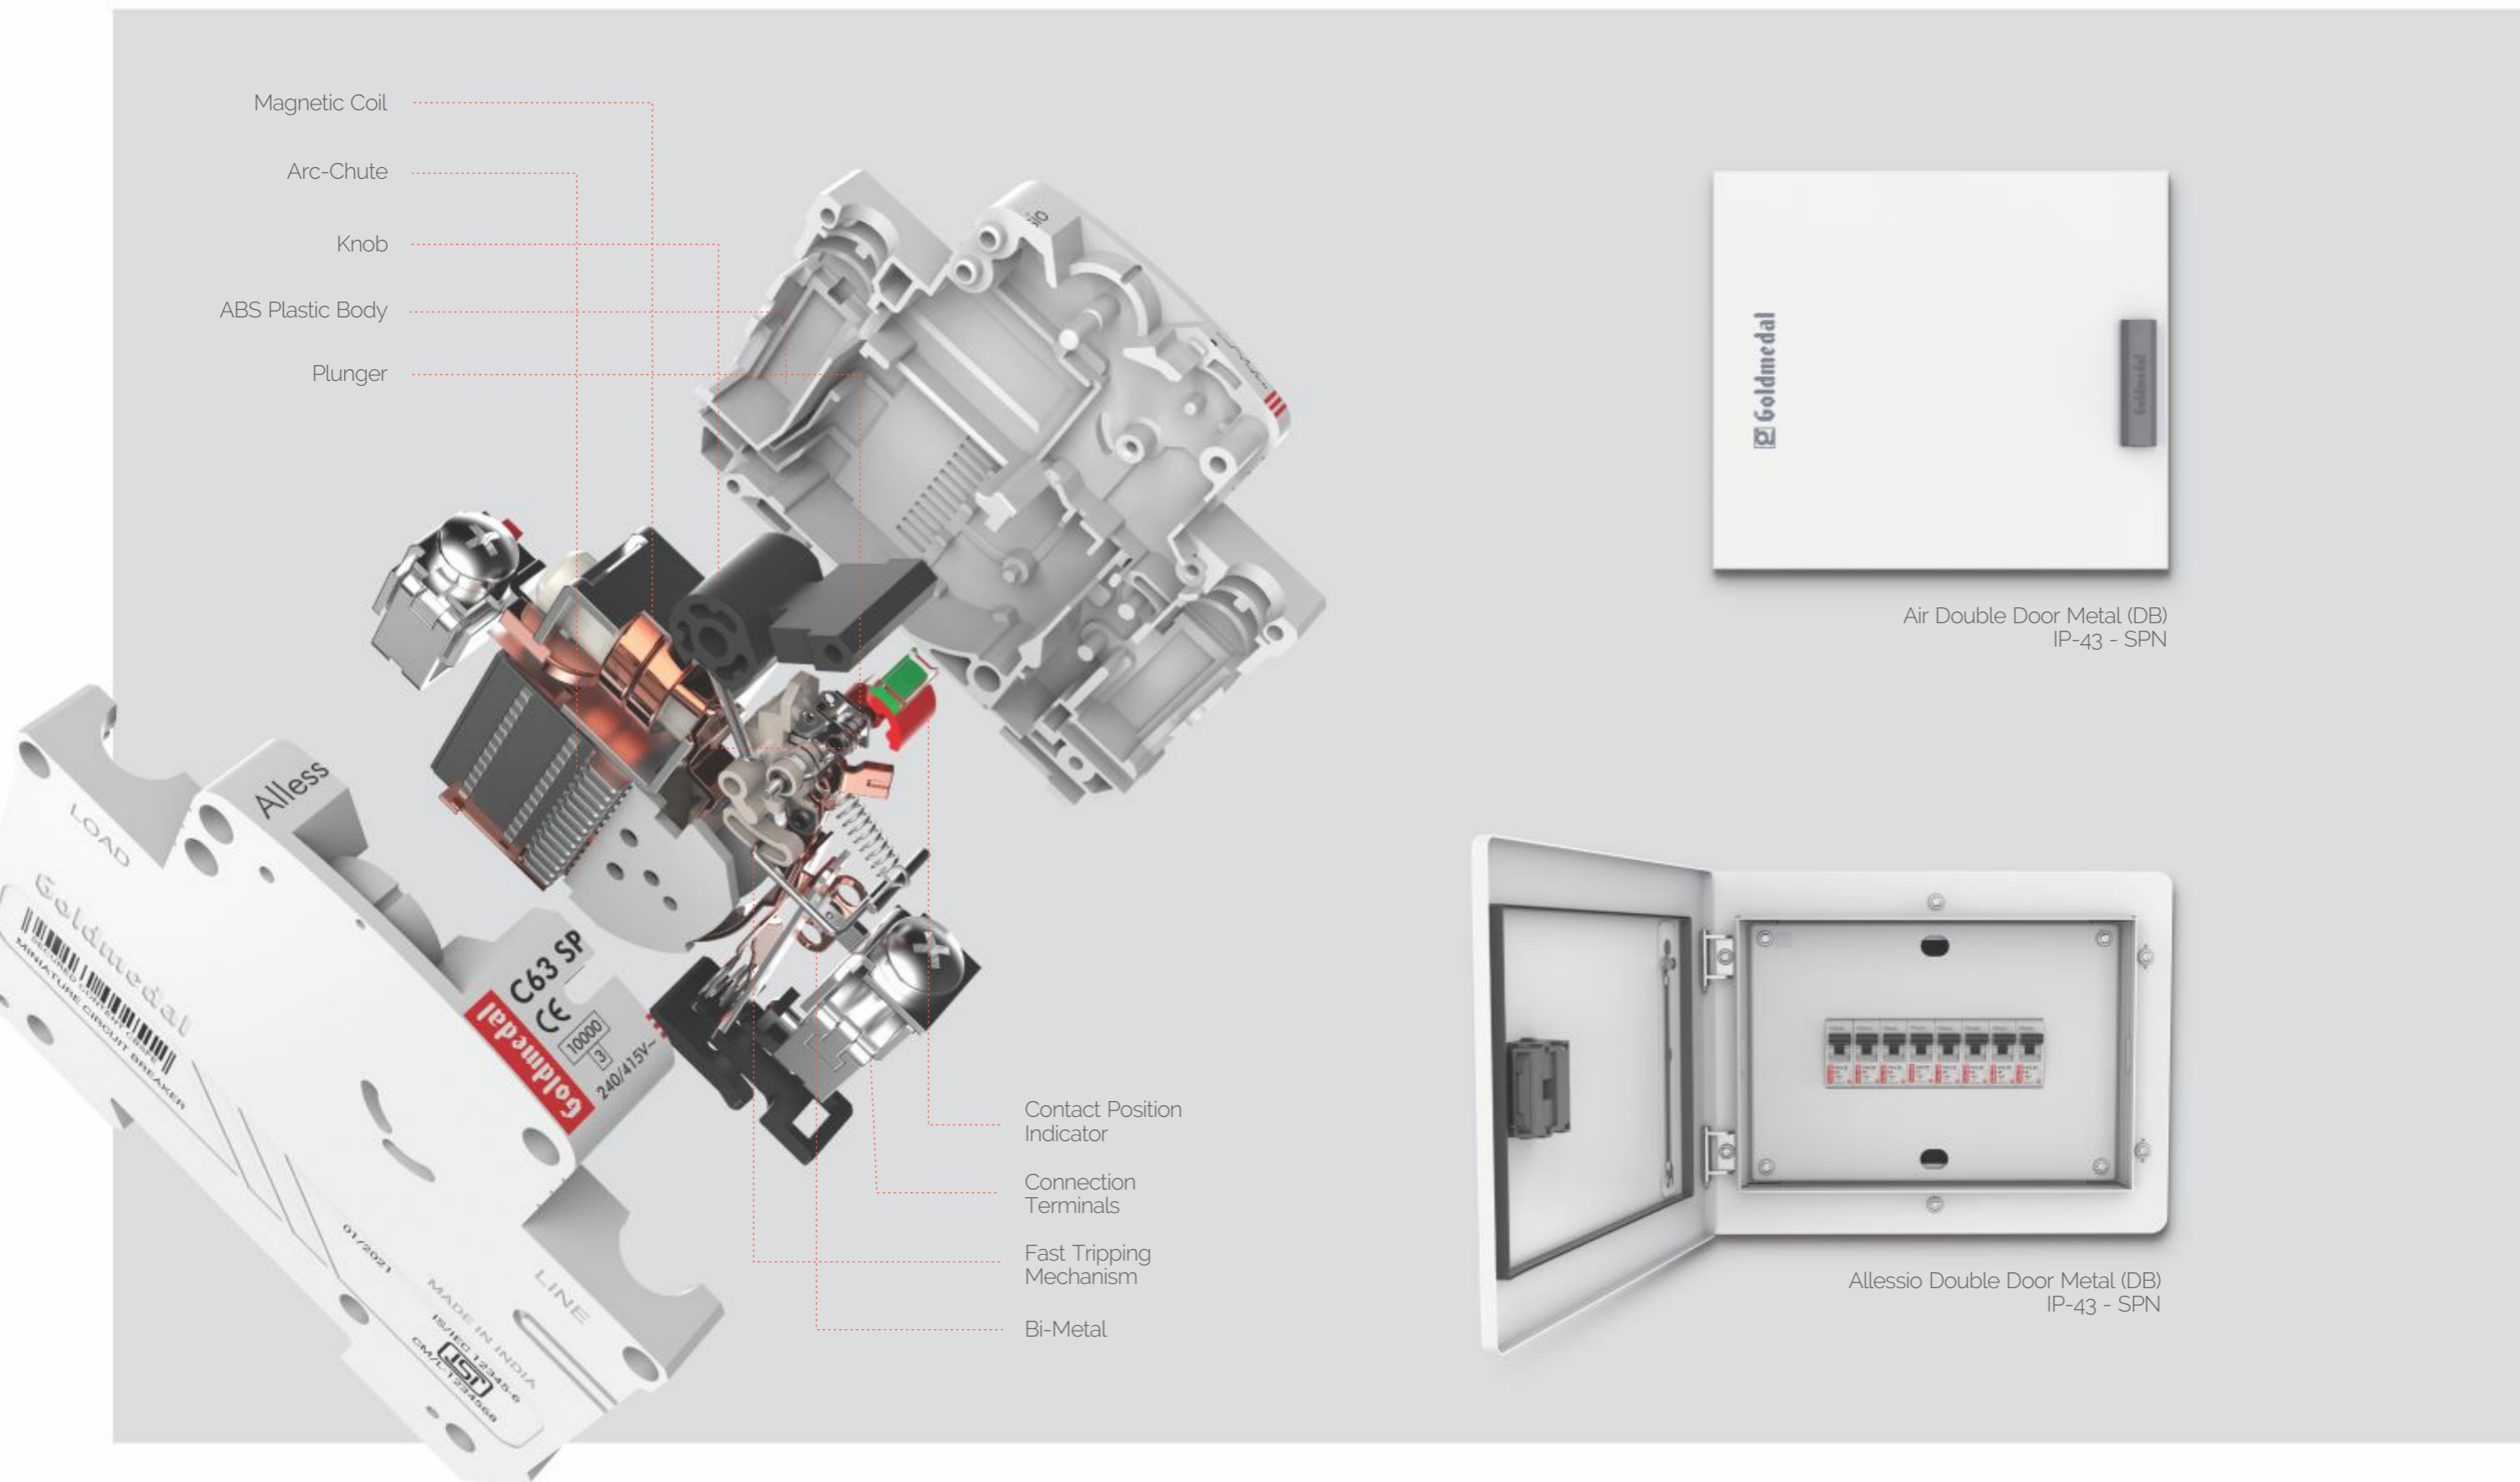

### Atlantic | Alessio

Automatically breaks the circuit if the current reaches a predetermined value

Compared to a traditional fuse, MCBs are designed to operate accurately under both overloading and short circuit conditions. Unlike a fuse, MCBs can also be reset quickly after they trip. RCCBs play an equally important role by automatically detecting and disconnecting the circuit whenever a fault occurs or the current exceeds the rated sensitivity. The MCBs and RCCBs from Goldmedal are housed within a plastic moulding that is made of flame-retardant, high strength plastic. The quality of the material used and its design ensures that these devices are highly durable and appear new in spite of years of use.

# High performance delivered. Safely.

# Solving your electrical challenges, precisely.

## AirecoDB

The AirEcoDB distribution boards are sleek, stylish and elegant in appearance. Its appearance reflects the supremely minimalistic look of the AIR Range to which it belongs. Its crisp, clean lines accentuate the powder-coated, superior finish and durability of the product. Suitable for flush and wall mounting, the AIR DBs offer ample space for easy installation of MCBs, RCCBs and for all the wiring required. The AIR Distribution Board also complies with all the standard requirements and is water and weather resistant so that it retains its international look even after years of use.

# KNX Lifestyle Touch Panels & Push Buttons

Goldmedal is proud to present the world's most superior automation technology: the KNX Lifestyle Automation Solution.

Now, make your home smart and control it with ease, using the most modern, flexible, and stylish automation system available in the market. From young users to the oldest, every member in your family can use the soft touch push buttons, touch pads and switches to control every electrical aspect of your home. That's not all, they can even use their smart phones and tablets to control the system remotely from anywhere in the world.

The KNX Lifestyle Automation Solution incorporates all the latest technologies like DALI, Tunable White, RGB & RGB-W Control, Human Centric Lighting Control and is ready for all future upgrades.

From a single living room to a full commercial airport, Goldmedal's KNX Lifestyle Automation Solution has answers for all your automation needs. If you are thinking of automating your home or office, get in touch with us, now.

## Bluetooth Remote Controllers

Goldmedal's G-Mesh solution is based on Bluetooth Low Energy (BLE), the state-of-the-art wireless technology that powers all modern smartphones, tablets, and even smart watches. BLE is thus the only mainstream and future-proof, low power radio technology in the world.

A self-organizing wireless mesh network, Goldmedal's G-Mesh technology can control a large number of electrical fixtures from any point in the room. The G-Mesh does not require Internet for carrying out regular operations. The Internet is only required at the time of configuring the user interface, during installation. Even firmware updates can be done over-the-air, without the Internet.

What makes it even more exciting is that G-Mesh technology works with your existing wiring – so there's no need to drill any new holes or carry out any additional wiring. Now isn't that amazing!

## Bluetooth Controller

G-Mesh products can handle DALI, Tunable White, RGB & RGB-W Control, Human Centric Lighting Control and is also ready for all future upgrades. While this may sound complex, it will surprise you to know that G-Mesh commissioning and set up is so simple that even a child can do it! Yes, even changing a lighting scenario is a simple task.

A2D0001 is a BLE-enabled 2 channel 0-10V or DALI controller. It has a universal 100-277V AC input voltage range and can control 2 separate analog channels, 1 Tunable White channel, or one Dali channel.

PWM0004 is a BLE-enabled four-channel PWM dimmer for constant voltage LED loads, such as LED strips and constant voltage LED modules. The same device can be used for both 12 and 24V DC LED strips. Separate drivers are not required for LED strip or RGB Strip dimming.

ASD0001 is a BLE-control unit for LED drivers with 0-10V, 1-10V, or DALI dimming interface. The control output can be configured either as analogue 0-10V (and 1-10V) or as a digital standalone DALI control interface.

DCS0001 is a BLE-enabled DALI controller. It does not have its own power supply. Instead, it is powered directly from a DALI bus. DCS0001 can be used with a DALI sensor for presence detection or daylight harvesting or it can be used for controlling Human Centric Lighting (HCL).

TED0001 is a BLE-enabled trailing-edge dimmer for operation of incandescent lamps, dimmable LED lamps, and dimmable LED control gear. It can be installed in the ceiling, inside a luminaire, or into a ceiling outlet box.

## Solutions to all your automation needs under one roof!

If you are planning to build a new home or a commercial building, you are bound to face a number of technical and financial challenges. These challenges have only grown with time. At Goldmedal, we present you a one-stop, complete home automation solution, under one roof.

Whether it's a single room, the entire house, a building, or a huge office complex, Goldmedal has the products and skills to automate them for you. Your goals can range from energy efficiency to increasing productivity to enhancing your lifestyle to a mix of other needs... we can tailor our solutions as per your demands.

The way you interact with your home or office can also be customized. Besides traditional interfaces like wall switches, push buttons, and touch panels, you can also control the automation through our mobile apps, smart phones, tablets, and smart watches.

With Goldmedal, the answers to all your home automation needs is just one call away!

Bringing our world closer to you!

## Experience the amazing - at your doorstep!

Presenting Goldmedal's Mobile Showroom - a never-before-seen concept in the world of wiring devices and accessories. Now, instead of visiting a showroom or a retail store, you can simply walk into this mobile store at a location nearest you. Designed by renowned automobile designer Dilip Chabria, this innovative yet thoughtfully crafted mobile showroom displays Goldmedal's latest products in a superbly premium environment.

There are multiple such mobile showrooms that ply the length and breadth of the country. You can track their movements online to check when one of them will be closest to your location. There are no reservations to be made. Just walk up to the mobile store and you will be welcomed with open doors! A Goldmedal executive in the showroom will be happy to assist you. We look forward to seeing you inside our amazing store!

### MOBILE SHOWROOM FEATURES

- LED Displays
- AC Environment
- Stylish, Ambient Light
